Our Guide and Inspiration

"If I love myself despite my infinite faults, how can I hate anyone at the glimpse of a few faults."

Swami Vivekananda
(January 12, 1863 – July 4, 1902)

प्रधान मंत्री
Prime Minister
MESSAGE

Pranaams at the Divine Feet of Maa Durga!

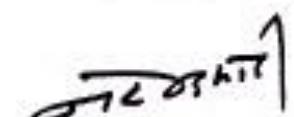

It is heartening to learn about *Durga Puja* celebrations – one of the most important festivals of the Indian spiritual calendar. Heartiest greetings and best wishes to all the organisers of Vivekananda Cultural Association on this sublime occasion that marks *Maa Durga's* victory over evil.

A tribute to the divine, resplendent form of *Maa Durga*, this festival brings about an inner transformation in Her devotees, inspiring them to strengthen their innate goodness and filling them with new energy. It binds people with the common strand of devotion and spiritual emotion.

From *Mahalaya* to *Bijoya Dashami*, the celebrations showcase our glorious culture and traditions. The grand festivities transform temples and streets into vibrant hubs of activity, with artistically decorated pandals constructed on different themes, beautifully sculpted idols of *Maa Durga* and music and dance performances that keep the large audiences spellbound.

A symbol of social unity and coming together of communities, *Durga Puja* inspires us to march ahead with unity, harmony and mutual respect. It is a festival that celebrates *Nari Shakti* and conveys the power of women to achieve anything that they set their mind to.

May *Maa Durga* inspire an inner awakening in each one of us, bringing peace, hope and happiness. May She continue to shower Her blessings and grace upon humanity.

(Narendra Modi)

IT'S

23rd SARBOJANIN DURGOSTAV

WELCOMES

CHIEF GUEST

SRI S R VISHANATH, MLA

From the Desk of Our Patron

या देवी सर्वभूतेषु मातृरूपेण संस्थितः,

या देवी सर्वभूतेषु शक्तिरूपेण संस्थितः ।

या देवी सर्वभूतेषु शान्तिरूपेण संस्थितः,

नमस्तस्यैः नमस्तस्यैः नमस्तस्यैः नमो नमः ॥

May all the joys that Durga Puja brings be with you today and in all your tomorrows. Sarod Shubhechha.. Wishing that Maa Durga blesses you and your family with happiness, joy, and good health which lasts forever!

Let's get together on the auspicious day of Durga Puja and cherish the moments of togetherness. Happy Durga Puja 2024!

Wishing all the VCA Members & well-wishers good health, happiness, prosperity success, and much more... Have a joyous Durga Puja 2024

Anjan K Ray

From the Desk of Our Mentor

या देवी सर्वभूतेषु मातृरूपेण संस्थितः,
या देवी सर्वभूतेषु शक्तिरूपेण संस्थितः।
या देवी सर्वभूतेषु शान्तिरूपेण संस्थितः,
नमस्तस्यैः नमस्तस्यैः नमस्तस्यैः नमो नमः॥

May all the joys that Durga Puja brings be with you today and in all your tomorrows. Sarod Shubhechha...

I pray to Maa Durga to guide us to follow the path of ethics and work for the welfare of the society. We must empower women by making them equal and honorable partners in nation-building.

Let's get together on the auspicious day of Durga Puja and cherish the moments of togetherness. Happy Durga Puja 2024!

Wishing all the VCA Members & well-wishers good health, happiness, prosperity success and much more... Have a joyous Durga Puja 2024!

A handwritten signature in black ink.

Trishna Roy

From the Desk of President ~ VCA

Smt. Sharmila Pyne

Maa Durga's auspiciousness blesses all worlds with prosperity and auspiciousness. This festival is a huge celebration for Hindus. I offer my prayers to the Divine Mother DURGA, who is present in all beings in the form of intelligence, mercy, and beauty, and who is the consort of Lord Shiva, who creates and sustains. Every year, Sri Sri Durga Puja reminds us that we must fight and prevail against Ashura, or evil, in our lives. In the universe, the festival represents female power as "SHAKTI." The festival spirit has spread worldwide today, and it is also present in the Vivekananda Cultural Association.

The Vivekananda Cultural Association is celebrating the 23rd Durga Puja. I would like to extend my sincere wishes to all of our members at this celebration. During the five-day festival, the Vivekananda Cultural Association is organizing various cultural and social activities in Yelahanka, Bengaluru, to promote social unity. My prayer is for Maa Durga's blessing to lead us to a healthy and joyful life. On behalf of the Vivekananda Cultural Association, I am inviting you and your family to attend the auspicious Sri Sri Durga Puja.

This time, I would like to express my gratitude to the management of our venue, "NISHARGA PARK, 4th Phase (adjacent to the 4th Phase Bus Stand), Yelahanka New Town, Bangalore, 560 064". My appreciation also goes out to our patrons, the advisory committee, all sponsors, donors, and advertisers. As a member of the association, I am confident that our efforts will achieve outstanding success, as they have every year. My special thanks goes to the Cultural Wing, under which members and non-members, including ladies, children, and others, have participated in the various activities of the association in the past, and their aim is to make our cultural program successful during those festive days. I would like to extend my congratulations to the Puja management committee for their hard work and endeavors in ensuring the festival is successful in a sacred and pious manner.

Once again, I would like to thank all of you for giving me this opportunity to serve you and uphold the value of the Vivekananda Cultural Association. With prayers to the almighty to bless everybody with good health and wealth, I wish all of you "Happy Durga Puja & SubhoBijoya!"!!!!

With Best Regards,
Smt. Sharmila Pyne

From the Desk of the General Secretary

Smt. Snigdha Hazra

My hearty greetings to all the respected VCA members, sponsors, and all other readers!!!

I hope the Durgotsav, organized by the Vivekananda Cultural Association (VCA) in Yelahanka, has brought us all joy.

The executive committee put their personal lives on hold for the last couple of months, working very hard to make the festival a grand success. We have seen lots of enthusiasm among our members this year, which is very encouraging for us.

Durga Puja is not a simple festival. Every year, people practice the rituals and mythologies associated with Durga Puja to restore faith in human society. It also serves to reconcile the community, which often experiences rifts throughout the year. Those few puja days help us contain the "Asura" within us and bring positivity and togetherness in the community. We take immense pride in VCA for giving "SarbojoninUtsav" a genuine significance. During those festive days, we try to provide a space and platform for all of our members so that they can stay, eat, enjoy, and perform together throughout the day.

Like all other years, we also had cultural programs every evening throughout the festival. We were overwhelmed by the talent that our members and their families displayed. The exhibition of talent evolution proved that we have a brighter future ahead. I must also mention that the Vivekananda Cultural Association, Yelahanka, performs more than just Durga Puja. Throughout the year, we work and organize community events.

I hope that our esteemed members and sponsors will continue to contribute, participate, and shower blessings on the association, allowing it to grow further. Wishing you all a wonderful and prosperous year ahead!!!

With Best Regards,
Smt. Snigdha Hazra

ACE

ACE

ACE

Technical Parameter

Engine

Powerful Mahindra Engine generating 110 hp @ 2200 rpm meeting CEV Stage-IV Emission norms. High Torque, Fuel Efficient and High performance engine for any type of application.

Axle

Heavy duty rear axle with limited slip differential for smooth and quite torque transfer suitable for tough Indian working conditions. Provides two speed range for fast inter site movements.

Hydraulics

Closed loop, high pressure hydraulic system ensures high productivity with better performance and reliability.

Gradeability

High Gradeability of 45% makes it effective under high gradient & low traction surfaces.

Static Linear Load (Drum Weight)

High Drum weight ensures Higher Static Linear Load for best compaction with minimum no. of passes.

Frequency

Dual Frequency generates 40/33 Hz (vibrations per seconds) on high & low modes respectively. Ensures better and faster compaction on different layers & thickness.

Amplitude

Dual amplitude mode of 1.85/0.8 mm generates greater force and results in quick compaction for different material & layers.

Centrifugal Force

High centrifugal force helps in unmatched performance and high productivity in minimum possible time.

Key Features

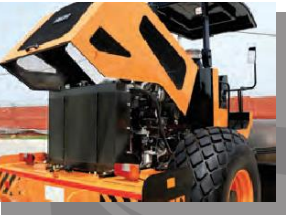

Structure

High Strength & Durable Structural parts for better reliability and longer life.

Vibration Pads

16 nos. of vibration pads installed on drum for shock absorption. Ensures minimal vibration transfer to operator platform.

Service Comfort

Newly designed engine hood providing easy access from ground level for daily maintenance checks and serviceability.

Visiblity

Good all around visibility (1 meter by 1 meter) provides safe and efficient operation.

Operator Comfort

Vibration proof operator platform for minimum fatigue during long working period. Adjustable operator seat, lockable console cover, rear view mirror and large canopy for ease of operation.

Electricals

Ergonomically placed instrument cluster comprising of Engine oil pressure, Water temperature, Fuel gauge, RPM & Hour meter. Sealed electrical connectors provide protection against dust & moisture.

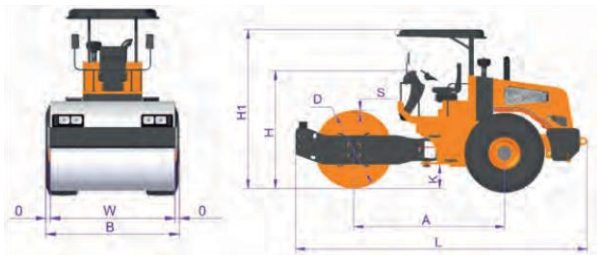

Tyre

Heavy duty tyre of size 23.1x26, 12 ply rating. Ensures adequate tyre life.

Optional

- Drum drive offers better traction and compaction in loose soil condition and hilly areas.
- Pad foot drum ideally suited for compacting soils with high clay content.

High Performance and Rugged Motor Grader

Operating Weight: 15 Tonnes
Engine: 180 Hp Ashok Leyland H-Series
Heavy Duty Rock Grade Tyres

ACE INDIA'S NO. 1
CRANE BRAND

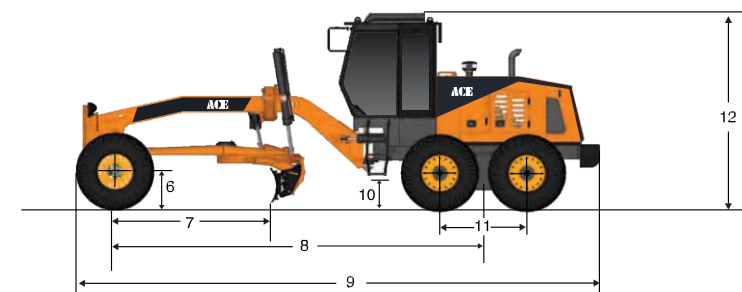

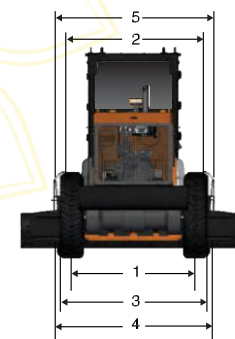

Specifications

Motor Grader

OPERATING WEIGHT	
Total Weight	15000 Kgs
Weight on Front Wheel	4500 Kgs
Weight on Rear Wheel	10500 Kgs
ENGINE	
Emission Rating	CEV, BSIV
Engine Model	Ashok Leyland H6C418022
Engine Rated Power	180 hp @ 2200 rpm
Engine Torque	700 Nm @ 1400 rpm
No. of Cylinders	6
Bore x Stroke	104 x 113 mm
TRANSMISSION	
Type of Transmission	Powershift with Torque Converter
Drive	4 Wheel Drive
No. of Gears	6F/3R
Max. Speed (Fwd)	36 Km/hr
Reverse Speed (Rev)	22 Km/hr
AXLE	
Differential	NO-SPIN Anti Slide Type
Front Axle Type	Lean Wheel, Steel Frame
Rear Axle Type	Tandem Axle
Front Axle, Wheel Lean Angle	15 degrees
TYRES	
Tyre Size	14.00x25, 20 PR
Tyre Pressure	475 kPa
BRAKES	
Service Brake Type	Hydrostatic
Parking Brake Type	Mechanical, Hand Operated
STEERING	
Steering Configuration	Front wheel & Articulated frame steer
Steering Angle	+/-45 degrees
Frame Articulation Angle	+/-15 degrees

FORCES	
Drawbar Pull	9450 Kgs
Blade Down Pressure	7140 Kgs
Traction Force	≥ 90 KN
BLADE RANGE	
Blade Height (Width)	610 mm
Blade Length	3650 mm
Max. Lift Above Ground	390 mm
Max. Depth of Cut	500 mm
Blade Tilt Angle	90 degrees
Blade Pitch Angle	42 degrees
Blade Rotation Angle (Horizontally)	360 degrees
Cutting Angle	36-66 degrees
HYDRAULIC SYSTEM	
Pump Type	Gear Pump
Main Relief Valve Pressure	18 MPa
Pump Flow	240 Ltr/min
ELECTRIC SYSTEM	
Battery Qty	2
Voltage/Amp	24V/130Amp
SERVICE CAPACITY	
Fuel Tank	260 L
Engine Oil Sump Capacity	16 L
Coolant	13.5 L
Hydraulic Tank Capacity	110 L
Transmission Oil	28 L
Tandem Oil	52 L
Axle Oil	28 L
Swing Gear Box	3 L
ATTACHMENTS	
Dozer blade	Optional
Ripper rear	Optional

S. No.	DIMENSIONS	
1	Width Tyre Centre line (Rear)	2150 mm
2	Width Tyre Centre line (Front)	2090 mm
3	Width Outside Tyres (Rear)	2550 mm
4	Width Outside Tyres (Front)	2500 mm
5	Overall Width	2550 mm
6	Height to front axle from ground	620 mm

S. No.	DIMENSIONS	
7	Blade Base (Length front axle to moldboard)	2840 mm
8	Wheel Base (Length front axle to mid tandem)	6550 mm
9	Overall Length	9320 mm
10	Ground Clearance	412 mm
11	Length between tandem axles	1550 mm
12	Overall Height	3510 mm

ACE

ACE

ACE

● Engine

Ashok Leyland H-series 6 cylinder water cooled Turbocharged Diesel engine with SCR technology generating 180 hp @ 2200 rpm meeting CEV Stage-IV emission compliance. Common Rail Fuel System for effective power strokes and efficient fuel consumption. This high torque engine provides high pushing power and thus improves operating efficiency.

● Axle

Axle with well known technology of MERITOR, USA equipped with Auto-Lock, No-Spin, Anti-Slide Differential & Sturdy Chains. Heavy Duty Axle protects internal components in harsh environment and offers longer service life.

● 360° Blade Rotation

360° rotation of the blade also ensures productivity during reverse movement of the grader, specially in heap breaking application. Offers high productivity in minimum no. of passes saving fuel, time and maintenance cost.

● Blade Force

Best in class Drawbar Pull Force of 9450 Kg for high productivity. Blade Down force of 7140 Kg for faster cutting and effective grading operations.

● Transmission

Avtec / ZF Technology Transmission provides Six Forward and Three Reverse Speeds. Electro-Hydraulically controlled Power shift transmission makes operations easy and convenient.

● Engine Accessibility

Open vents from either side ensures easy access for daily maintenance checks, serviceability and adequate ventilation.

● ROPS Cabin

Ergonomically designed diamond shaped Air -Conditioned cabin with wide-view vision, FM Radio, adjustable operator seat & operating console. The rollover protective structure (ROPS) is designed as per ISO 3471-1994, ISO 3164-1995 (E) standards providing water, dust and noise resistance for operator's comfort and safety.

● Tyre

Heavy duty Rock grade tyres of size 14.00 X 25 with 20 Ply rating for minimum wear and increased life. 14.00 x 24 with 16 PR for road applications.

● Angle Regulator

Hydraulically operated adjustment of blade tilt angle from the cabin. Ensures no stoppage of work for blade adjustment.

● Air Conditioner

Roof mounted AC is provided to ensure operator comfort and efficiency.

● Control Valve

Walvoil 5 spool directional multi-way control valve for smooth operations and low maintenance cost.

● Front & Rear Visibility

Bigger size front windscreen and compact engine hood design provides good all around visibility to the operator.

● Ground Clearance

Best in class ground clearance of 412 mm for easy rough terrain operation.

● Centralized Lubrication System (Optional)

Centralized lubrication system to ensure quick & effective lubrication of machine for maximized uptime.

● Attachments (Optional)

Front Dozer Blade or Rear Ripper provided as an optional attachment for additional applications.
